CREATING CONFIDENCE

SAFETY AND SANITISATION

Penguin Sanitiser Dispenser

A modern 'foot operated' sanitiser unit with touchless capabilities and bespoke customisation.

0330 1222 700 / rigasan.com

FEATURES

A modern floor standing sanitiser unit

Today, hand wash and sanitiser dispenser stands are the key to maintaining the safety in public areas. This next-generation hand sanitiser station assures the public that you and your business care about their wellbeing.

- Non captive, can use any liquid or runny gel sanitiser
- Takes one standard 5L tub at a time for longer lasting use
- Non electric mechanism
- Heavy duty unit, easily cleaned and maintained

- Available as standard in a black and white powder coated finish
- Customisation available on application
- Manufactured in Europe & UK
- Registered Design EUIPO 007871926

TAKES ONE STANDARD 5L TUB OF GEL OR LIQUID HAND SANITISER

RE-FILL INSTRUCTIONS

Simple to install and maintain

Step 1

Use key to unlock lid, anti-clockwise to release.

Step 2

Lid pops up, spin it round to access compartment.

Step 3

Drop in 5L tub of liquid sanitiser.

Step 4

Fit screw cap and feed tube to the bottom of the tub.

Step 5

Replace lid and lock to secure. Pump the foot pedal approx. 30 times to start dispensing sanitiser.

CUSTOMISATION

Endless marketing opportunities

Your Penguin Wrap can have anything from a coastal scene to just your logo. Customise your wrap in three easy steps...

Visit our website and download our PDF graphic template.

Download PDF here

Create a design that fits within the template. We reccommend using a foot and hand decal to help new users understand how the unit works.

Send the PDF back to our production team who will be able to check the design and give you any further assistance.

If you would like to discuss your customisation requirements please call our team on **0330 1222 700** or **email us here**
